Unit 1

Hi, my name is Alex! I am 10 years old and I am in grade 5A. I study at Tan Lap Primary School. I live in the countryside, where it's always peaceful and green. My favourite animal is a dolphin because they are so friendly and playful. I like playing football with my friends; it's my favourite sport. My favourite colour is blue because I love the sky and the ocean. I also love eating sandwiches; they are my favourite food. Nice to meet you!

Unit 2

Hello, I'm Alex! I'm 10 years old and in grade 5A at Tan Lap Primary School. I live in a house at 68 Cau Giay Street in Hanoi city. Dolphins are my favourite animals because they're so friendly and playful. I really enjoy playing football with my friends—it's my favourite sport. Blue is my favourite colour because it reminds me of the sky and the ocean. I also love sandwiches; they're my favourite food.

Nice to meet you!

Unit 3

Hello, I'm Alex! I have friends from different countries.

Jack is from America. He's American. He is very active and likes baseball. His favourite animal is the tiger. He loves burgers.

Yuki lives in Japan. She is Japanese. She is clever and helpful. She often helps me with my homework. Her favourite animal is the red panda. She loves sushi.

Liam is Australian. He is friendly and likes badminton. His favourite animal is the kangaroo. He loves sandwiches.

We have fun together and learn about each other's countries.

Unit 4

Hello, I'm Alex! I often surf the internet and play football when I have free time.

I have friends from different countries.

Jack is American. He is a very active friend. He usually goes for a walk in the park and sometimes surfs the internet in his free time.

Yuki lives in Japan. She is Japanese. She is friendly and helpful. Yuki always plays the violin and usually waters the flowers in her garden when she has free time.

Liam is Australian. He is friendly. Liam often goes for a walk on the beach and sometimes surfs the internet in his free time.

We have fun together and learn about each other's countries.

Unit 6

Hello, I'm Alex! Let me tell you about the rooms in my school, Tan Lap Primary School.

When you enter the school, you're on the ground floor. The reception is on the left, and the cafeteria is straight ahead.

Go upstairs to the first floor. My classroom, Room 204, is on the right side, and the science lab is on the left side.

Go upstairs again to the second floor. The art room is at the end of the hallway on the left, and the music room is next to it on the right.

Finally, go upstairs to the third floor. The gym and the computer room are both straight ahead.

That's a quick tour of my school!

Unit 7

Hello, I'm Alex! Let me tell you about some activities we do at school.

In our classroom, we often do projects. Projects are fun and interesting because we get to work on creative ideas and learn new things. They are also good for group work because we can team up with friends.

We also solve math problems in our math lessons. Some problems are easy, while others are difficult. But solving them can be very interesting and helps us improve our math skills.

During break times, we play games. Playing games is always fun and helps us relax after classes.

Overall, I really like these activities because they make learning enjoyable and exciting!

Unit 8

Hello, I'm Alex! Let me tell you about my classroom and where we keep our school things. In our classroom, the desk is right in front of the whiteboard. On the desk, we have a pencil sharpener, which is beside the crayon box. The crayon box is on the right side of the desk. The glue stick is always kept on the shelf above the desk. So, if you need to use a glue stick, you can find it easily up there. Under the desk, there's a small basket where we keep extra pencils, erasers, and sometimes other bits and pieces. In front of the desk, there's a corner with a notice board where we pin up important information and our artwork.

That's how we organise our classroom supplies and keep everything in its place!

Unit 9

Hello, I'm Alex! Let me tell you about some outdoor activities I enjoyed recently.

Last summer, we went to a campsite. During the day, we played chess under the shade of the trees. It was a nice way to relax and have some quiet fun. In the evenings, we danced around the campfire. It was really lively and enjoyable.

We also visited a nearby aquarium, where we watched the fish swimming in their tanks. It was fascinating to see so many different types of fish.

Another exciting activity was going to a funfair. We enjoyed the rides and games there.

Overall, all these outdoor activities were a wonderful experience!

Unit 10

Hello, I'm Alex! Let me tell you about our school trip to Hanoi Old Quarter.

Last week, we went on a fun trip to Hanoi Old Quarter. First, we visited Hoan Kiem Lake. It was nice to walk around the lake and see the pretty views. Many people were enjoying the park and the water.

We also looked at some old buildings in the Old Quarter. They were very interesting, and we learned a lot about how they were built a long time ago.

One of the best parts of the trip was when we planted trees in a park near the lake. It was fun to help make the park look nicer and greener.

Overall, the trip was a great adventure, and we enjoyed exploring the Old Quarter and learning new things!
